Sports
Cuddy 5.2

"In response to our customers' requests, we designed the Sport Cuddy 5.2 as a sleeker, smaller alternative to our larger Kingfisher. We wanted to design and build a boat that anyone can afford, is easy to move around with the family car, and has the same durability and performance as the Kingfisher. We believe our team came up with a GREAT design...you will too when you take a ride."

Andrew and Jo-anne Shilleto

Custom Designed by Anglers for Anglers

Safe, comfortable, Economical, Stable, Durable, FAST FUN

The right equipment, the right performance, the right decor.

The Kingfisher's **BIG** Little Brother

BIG on features, BIG on strength, BIG on performance, BIG on comfort, the Sport Cuddy 5.2 is designed for fun-fast-family fishing...with or without the family. Our sleek design and standard features means you can hook up your car to the included trailer, and take this baby to the Bay...NOW!

CUSTOMISATION

My boat should be MY BOAT

The stock-standard Sport Cuddy 5.2 is ready to rock-and-roll right out of the chute...just look at the standard items included. But YOUR boat can be customised completely to your needs, your style, your wishes. Let your imagination loose!

If you want advice on options, we're ready to design your unique style into every aspect.

Our decades of fishing and fabrication experience are at your disposal to design YOUR UNIQUE BOAT.

LIFETIME WARRANTY

"If a hull is built right, it should be backed 100 per cent by the manufacturer."

Andrew Shilleto, Angler and
PlateMaster owner

Our 4mm bottom and 4mm side alloy hull have a lifetime manufacturer's warranty...we want you on the water year after year!

Proprietary products supplied are backed by the manufacturers' 12 month warranty...rest assured, we only supply products from manufacturers we trust.

If you ever wanted a boat that has it all and can do IT all, the Sport Cuddy 5.2 is IT!

The Sport Cuddy 5.2 proves that small has no compromise. You get all the quality, all the performance, all the comfort, all the amenities you want to have a great time on the water. You are guaranteed a smooth ride, a great feel at the helm, and durability unmatched on the sea. Go ahead, enjoy yourself!

PERFORMANCE

At 5.2 metres, the Sport Cuddy's aluminum hull just slides through the water.

We are avid fishermen and our families love going out on PlateMaster boats. We designed the Sport Cuddy for our love of fishing, and to give our children the same joy we have. We build every PlateMaster boat as if our family is going to use it every day...safe, comfortable, fun is just the beginning.

Isn't this what you want in a boat?
