4mm sides.

*"If you have any issues with our workmanship or  
materials, wherever you are in Australia, we will  
repair, replace and make good to your complete  
satisfaction."*

### DESIGNED FOR PERFORMANCE

200HP Yamaha Outboard Motor

Reverse Chine/Delta Pad, Hydraulic Trim Tabs

*"The handling characteristics of the hull were very  
good...Pushing the Kingfisher into the swell, the  
boat felt solid and you appreciate the cutting effect of  
the bow."*

BOAT FISHING MAGAZINE June 2005

Kingfisher  
7000

*"The Kingfisher would make a great high  
speed trolling boat and be very  
comfortable for day or night baiting  
sessions...that will please the angler in the  
family as well as the wife and kids who  
enjoy those day trips out on the bay."*

Custom Designed by Anglers for Anglers

Safe, comfortable, Economical, Stable, Durable, FAST FUN

The right equipment, the right performance, the right decor.

## Fishing and Family Fun will never be the same

From the superb strength of the hull and super-structure, the survey quality welding, the marine specified materials and fittings, the precision fit of the interior, the 2 pac paint job, toughened glass (not plastic), right down to the sign-writing and decals...we do it best!

## CUSTOMISATION

My boat should be MY BOAT

Every Kingfisher 7000 is customised completely to your needs, your style, your wishes. Let your imagination loose!

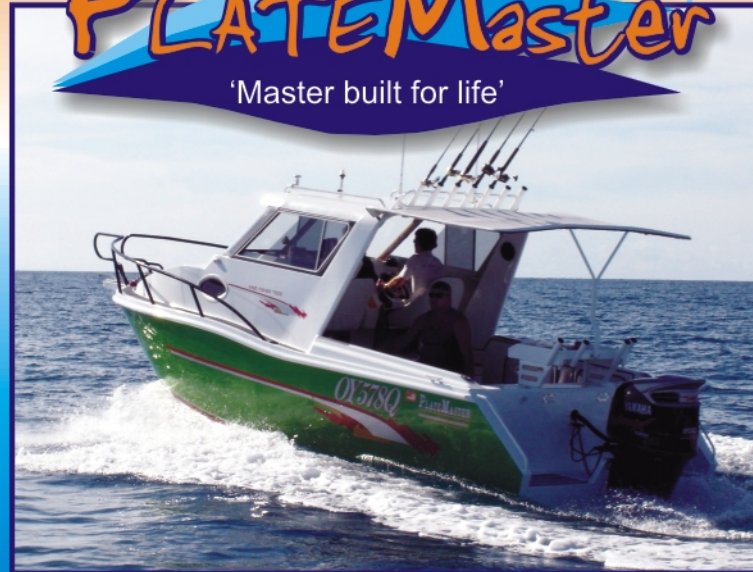

If you want advice on options, we're ready to design your unique style into every aspect.

Our decades of fishing and fabrication experience is at your disposal to ensure that your boat is YOUR BOAT.

# Kingfisher 7000

## LIFETIME WARRANTY

"If a hull is built right, it should be backed 100 per cent by the manufacturer."

Andrew Shilleto, Angler and PlateMaster owner

Our 6mm bottom and 4mm side alloy hull have a lifetime manufacturer's warranty...we want you on the water year after year!

Proprietary products supplied are backed by the manufacturers' 12 month warranty.

## Don't take our word... Take a spin...TODAY

The build quality is built in to every component, every feature, every aspect of your boating experience. In places where you can see, and in all the places you cannot, no corners are cut, nothing is left undone. Go ahead, have a real hard look...then take it out for a spin.

## PERFORMANCE

"Fishing from the Kingfisher is a lot more comfortable. Heading out to sea in the Kingfisher can be done in confidence."

BOAT FISHING MAGAZINE

PlateMaster boats are designed to make the best of both the inshore and offshore reef fishing. Every detail from hull design to the variable deadrise, to the 75mm Reverse Chine is designed to make your ride smooth, effortless and fuel-efficient.
